## **THE SOLUTION TO LIMITED DRIVER VISION!**

Rosco is a leading global manufacturer of automotive vision safety products to the bus and truck marketplace. Rosco products include mission critical driving safety aides such as interior and exterior mirrors, sun visors, backup and side view cameras, video recording systems, sensor products and collision avoidance systems.

Since 1907 Rosco has been servicing the commercial vehicle marketplace including:

# THE FIRST REMOTE CONTROL MIRROR THAT FITS YOUR APPLICATION NEEDS.

Drivers of mining trucks are often hindered by blind spots and lack of visual access to the ground. The CA1444F Remote Mirror provides drivers with confirmation of work areas and danger zones around the truck. Improve safety for both the driver and ground based with a remote control mirror that fits your truck.

P/N: CA144F

- Dimensions: 44" x 14" x 9" ( 1118mm x 356mm x 229mm)

Heavy duty ultrasonic system:

- (4) rear bumper
- (4) front bumper
- (1) Control Box
- (1) LCD Display Panel

## NEW YORK SINCE 1907

Rosco was established in 1907. For over a century, our goals have remained the same: We are committed to producing the highest quality automotive products and providing the level of service our customers have grown to expect.

Today, we supply our products to every commercial bus and school bus manufacturer in North America. Our products are designed and built in the USA. Our staff has grown to over 300 people in facilities totaling over 150,000 square feet.

As we move forward we have set our goals even higher. We are now certified to ISO-9001:2015. Our focus on Total Quality Management and continuous improvement will keep our product quality at levels our customers demand.

We will strive to improve our customer service through online and other electronic resources. We will continue to develop newer and better products to serve the ever-changing needs of the marketplace of tomorrow.
